

friday nights @

basement

cafe : connect : create

Something to do, somewhere to go and somewhere safe so that parents are reassured their teenagers - that is the issue that youth work charity Oxygen are tackling through the new 'Friday Nights at the basement'.

WHAT ARE FRIDAY NIGHTS AT THE BASEMENT

'Friday Nights at the basement' is a new weekly band/ movie / DJ/ comedy/ performance café that will be open each week so that young people of Kingston have a creative and safe place to go on the weekends. Situated just a few hundred yards from Kingston Bus and Train Stations, Friday nights at the basement will be staffed by youth volunteers and qualified Oxygen youth workers ensuring young people get a great night out whilst their parents can be assured they are safe.

BECOME A FRIDAY NIGHT SPONSOR

To help maintain Friday Nights throughout the year, Oxygen is looking for organisations, businesses and people who can join in by sponsoring a Friday night event. Each £1 given keeps the venue open for a minute. that means that, with Gift Aid, if you take out a standing order for just £10 per month you help us open the basement for a whole evening. Alternatively if you run or work for a business why not considering becoming the official sponsor of one of the longer evening events.
