# Welcome to the Oxygen Server!

This server is open  
between 9am-10pm  
every day!

We play together  
every Wednesday  
from 6-8pm

Use this book to read  
the rules, useful  
commands and tips

## Rules

Ask for permission before engaging in PVP (player versus player)

Be friendly, look for the best in people

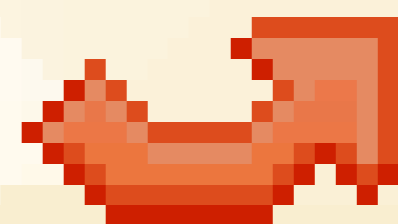

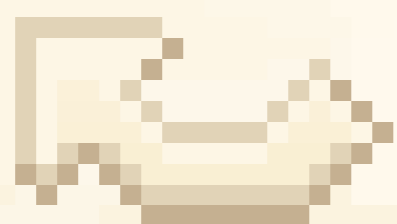

No cheating or using hacked clients

No swearing or  
offensive language

No griefing! Do not  
destroy other  
players property  
without permission

No Spamming

No anti social  
behaviour

## Breaking of the rules

Breaking these rules will result in being kicked from the server, temporarily banned or permanently banned

## Reporting

To report an issue to the Oxygen Team use the link at the bottom of the next page

You can also tell OxygenAdminCB or SiobhanOxygen

Let us know if there is  
any bullying or  
breaking of the rules

We are here to help,  
do not suffer in  
silence

## Economy

We have an economy on our server where you can buy and sell items from other players

To check your balance put `/balance` into the chat or click on one of the balance signs

## **Shops**

To create a shop first place a slab and then making sure your cursor is pointing at it put `/ushop create` into chat

A menu will open where you can select which item you would like to sell

## Shop Commands

You can also edit the shop using commands

```
/ushop  
modifyBuyPrice
```

```
/ushop  
modifySellPrice
```

```
/ushop modifyQuantity
```

## PVP

Player versus player (PVP) combat is enabled on this server

You have the option of switching this on or off using  
/Pvp on  
/Pvp off

## Weekly Chest

Every wednesday during the session we give out a key for the weekly crate

The crate is located in the spawn area and you will recieve a prize at random

## Parkour

To join the parkour course type `/parkour join mangrove`. There is a leaderboard in the spawn area

To easy? Make your own course and ask an admin to set it up for others to try it out

## Useful Commands

`/spawn` - teleports you to spawn (costs \$10)

`/tpa` - request to teleport to another player (costs \$10)

`/back` - teleport to your last location (costs \$10)
